

Magda Laskaridou

Ms. Laskaridou is the Health, Safety & Environmental Director at Steelmet Corporate Services. She is a qualified Chemical Engineer and holds a Master's degree in Energy Production and Management from the National Technical University of Athens (NTUA). She has more than 15 years of experience in the field of Health, Safety and Environment (HSE), with specialization in industry and energy production.

Throughout her career, she has managed a wide range of HSE issues, undertaking leadership roles in complex and technically demanding projects within major multinational and industrial organizations—both in industry and the energy sector. Her experience includes the management of compliance strategies, occupational health and safety, and environmental management.
