

Short BIO SIS

Athanasios Bougas is a graduate of the TEI of Athens and has more than twenty five years of experience in the management, technical lead, analysis, design and implementation of database systems, mainly for the public and medical sectors. He also has a long background in the development and integration of mission-critical real-time systems for defense and space. Since 2020, he holds the position of the Head of Software Engineering in Sigma Information Systems, a member of MANAGEMENT FORCE Group, which develops specialized software products and solutions for the H&S sector.
